ORDER:

e-Pragati is a framework to provide integrated services to citizens through free flow of information and to usher in an era of good governance, characterized by efficiency, effectiveness, transparency, and foresight. It is a massive e-Governance programme covering 33 departments and 315 agencies across the State and about 745 services have been identified so far. These services are bundled into (72) projects, which are in-turn grouped into (14) packages for ease of procurement & implementation.

The procurement/implementation process for (14) packages is taken up in (4) waves, based on the priority. RFPs are being issued at Package level for better project monitoring and optimized project costs. The procurement process of Primary Sector, Core, Education and Health packages has been initiated.

In conformance to the orders issued in G.Os under references 1st & 2nd cited and factoring in the (estimated) package costs, the Procurement Committees for (4) e-Pragati packages are hereby constituted for managing the procurement process. The committees for rest of the packages shall be constituted shortly.
